JAIL TERM AND FINE FOR SENATOR BURTON

United States Supreme Court Decides Against Kansan.

SENATE TO TAKE ACTION

The Supreme Court Holds That His Conviction Does Not Vacate His Seat and the Senate Will Have to Consider the Case.

Washington, May 23.—The supreme court of the United States on Monday rendered a decision in the case of United States Senator Burton, of Kansas. The decision was against Burton, affirming the decision of the United States circuit court for the eastern district of Missouri, by which Burton was sentenced to six months' imprisonment in the jail of Iron county, Missouri, required to pay a fine of $2,500 and deprived of the right to hereafter hold office under the government.

The opinion was by Justice Harlan. All of the points made in Burton's interest were overruled.

Senator Burton was prosecuted on the charge of violating section 1782 of the revised statutes, which prohibits senators and representatives from receiving compensation for services rendered before any of the government departments in any matter in which the government may be interested. He was specifically charged with accepting a fee of $500 per month for five months from Rialto Grain and Securities company, of St. Louis, for services rendered that company in an effort to prevent the issuance of an order by the postoffice department prohibiting the use of the mails by the company.

Justices Brewer, White and Peck join unite in dissenting opinion delivered by Justice Brewer.

The court granted a motion to give sixty days to Senator Burton in which to prepare a petition for a rehearing. The action will have the effect of holding the case over until the October term of the court.

That the senate will be compelled to take cognizance of the case is indicated by the decision. Justice Harlan held that the sentence could not affect an election to the United States senate as they do not hold their places under the government of the United States.

To the newspaper men who called to see him, Senator Burton said:

"I shall adhere to my original policy of saying nothing until my case is finally determined."

He would not say, in reply to a question, that he intended to take further legal steps, but from the fact that he does not regard his case as finally decided, in view of the sixty days granted for a rehearing, it is inferred that he will do so.

$350,000 Fire Loss.

Ogden, Utah, May 23.—A fire that started about 2 o'clock Tuesday morning in the house occupied by the Burton Implement company destroyed half a block of houses on Washington avenue, entailing a loss of about $350,000. The blaze was fanned by a high wind and for a time it looked as though the entire block would be destroyed, but it was gotten under control after destroying the building occupied by the Burton Implement company, the A. Lowe & Co. Farm feed store, Barrup's grocery store, the Eagle Laundry and Dye Works and Nelson's carpenter shop and contractor's outfit shop. Insurance about $150,000.

ACREAGE INCREASE IS 2.76.

Statement Issued by Southern Coton Association Shows Acreage.

Atlanta, May 23.—The Southern Cotton association, by President Harvie Jordan and Secretary Richard Cheatham, issued Monday night the following statement regarding the cotton acreage for the year 1906:

"Replies received from a very large number of our field correspondents enable us to give out the following report on cotton planted for 1906 compared with 1905:

States	Increase	Decrease
Louisiana	1.87	1.32
Arkansas	2.31	.....
Georgia	1.41	.....
Alabama	1.41	.....
Texas	5.70	.....
North Carolina	.....	1.64
South Carolina	.....	1.70
Tennessee	1.10	.....
Mississippi	1.00	.....
Indian Territory	1.35	.....
Oklahoma Territory	3.00	.....
Fla., Va. & Mo.	.005	.....

"Net increase of acreage 2.76228 which shows an increase of 2.76 per cent over the acreage planted in 1905.

"The foregoing will be certified or corrected by the state president of the Southern Cotton association, who will meet in Jackson, Miss., May 31, for the purpose of compiling a general report from data secured from their respective states.

"Cotton field labor is very scarce, especially in Alabama, Mississippi, Louisiana and Arkansas, it being the opinion of a majority of our correspondents from those states that at least 10 per cent of cotton now planted must be abandoned on account of scarcity of hands necessary to cultivate. Cotton field labor, especially the negro, can be compared to a baby horse, as they must be begged and coaxed continually. Large planters would not be surprised if at any moment a migration of every hand on their plantations would occur.

"The very wet early spring caused nearly all planting to be done on the wet soil, making it impossible for the cotton plants to thrive as they should. Several frosts between May 5 and 15 in different portions of the cotton belt did an immense amount of damage, causing much replanting to be done and leaving very bad stands in many localities where seed for replanting could not be secured.

"Harvie Jordan, Pres.
"Richard Cheatham, Sec'y."

Killed After Crap Game.

Birmingham, Ala., May 23.—A special to the News from Jackson, Miss., says that Arlo Galle, 21 years of age, was shot and instantly killed in front of the Price house by Julius Yeager. The killing was the outgrowth of a crap game at Livingston park Sunday, in which a large number of men are said to have participated. A quarrel between Galle and Yeager was resumed and Galle invited Yeager behind the state house to settle it, it is said. Yeager refused to go and drew a pistol, shooting Galle three times. Both young men were prominently connected. Yeager surrendered to officers.

SIX PERSONS KILLED; FIFTY ARE INJURED

Explosion In Manufacturing Plant Does Great Damage.

STRUCTURE IS COMPLETE WRECK

Five Hundred Men Were In Building at the Time of Explosion—Debris Caught Fire—Explosion Was Heard for Miles Around.

New York, May 23.—Six men were killed and 50 others more or less injured Tuesday by an explosion in the plant of the New York Glucose company at Shady Side, N. J., opposite this city.

It is believed that the explosion was caused by a defect in one of the boilers.

A four-story brick building, 100x200 feet, was completely wrecked, and surrounding buildings torn to pieces.

There were 500 men in the building at the time and the wives and children of those who live in the neighborhood were thrown into a panic.

Calls were sent to nearby towns for ambulances and police, and sailors of the warships lying in the Hudson river gave aid in the rescue.

The explosion could be heard for many miles. It sounded as though a monstrous charge of dynamite had been set off.

Immediately after the report the hundreds of women residing in the neighborhood rushed to the ruins. The big building had already fallen in, and no time was lost in the work of rescue.

Just west of the boilers, where the greatest damage was done, there were fully a hundred at work. It is believed, however, that all except a part of these escaped.

One of the first bodies to be found was that of Pat Lynch, a driver for the General Chemical company. He had been instantly killed by the falling debris.

Another body recovered was that of John Russell, an employe of the Glucose company. Many of the injured were in such a bad condition it is feared that they will not recover.

The rescuers found that there were 12 living men imprisoned in the burning debris and made frantic efforts to rescue them. Two more were taken out fatally injured, and then the flames drove back the rescuers and it appeared that the ten men would be burned to death.

Four priests from neighboring churches offered prayers for the dying while all hope of aiding the imprisoned men was abandoned.

Two fire boats were summoned from New York and when they arrived further efforts were made to quench the fire.

A sixteen-inch water main was installed by the Glucose company for fighting fires, burst when the explosion occurred and was of no value.

RAWLINGS CASE IN HIGH COURT

Decision of United States Supreme Court Made Verdict.

Atlanta, Ga., May 23.—The state supreme court on Monday received the mandate of the United States supreme court in the cases of L. G. Rawlings, father, and Milton Rawlings and Jesse Rawlings, his sons, convicted in the Lowndes county superior court in 1904 of the assassination of Will Reed Cattle Carter, children of a neighbor, and made the decree of the national court the decree of the state supreme court.

On June 5th the state supreme court will issue a remittitur to the superior court of Lowndes county and upon receipt of the papers in Valdosta the action of the United States supreme court and the Georgia supreme court will be made the action of the Lowndes superior court.

The condemned men, father and two sons, were a few weeks ago given a respite by Governor Terrell to June 8th, that being the third respite. But as there must be a new sentence of death by Judge Mitchell of the Lowndes superior court there is little reason to think that the execution will take place on the day named in the governor's last respite, as a reasonable length of time usually elapses between the receipt of papers of the character indicated and the pronouncement of a new and probably a final sentence.

Then, too, it is a certainty that the cases of the two boys and possibly the case of the old man will be brought to the attention of the pardoning board. If that is done the date of the execution, if there is to be a hanging of the two boys, may be a long time off.

Texas Liquor Law Valid.

Washington, May 23.—In an opinion by Justice Harlan the supreme court of the United States Monday [illegible] the validity of the Texas liquor law. The validity of the law was attacked on the ground of discrimination as the law was not made applicable to wines made from Texas grapes. The court did not accept this view and sustained the law.

Bill of Exceptions Finished.

[illegible] the attorneys have both [illegible] bill of exceptions [illegible] signed by Marion Erwin for the government and A. A. Lawrence for the defense. The paper carries over 20,000 pages. Judge Speer had given until May 31 to conclude the examination of the bill. There is now little doubt that the case will be appealed.

Three Routes are Surveyed.

Columbus, Ga., May 23.—Lumpkin people are very anxious that the G. F. and A. railroad be extended to Columbus from Cuthbert via that town and it is said that a committee from Lumpkin will confer with the G. F. and A. committee of the Columbus board of trade. Three routes have been surveyed to Columbus from Cuthbert, one of which is by way of Lumpkin.

Then Engineer Drew Revolver And Killed Self.

TRIPLE TRAGEDY IN NEW JERSEY

Murder and Suicide Followed the Departure from House of Young Man to Whom It Is Said the Daughter Was Engaged.

Woodbury, N. J., May 23.—John Cole, an engineer, killed his daughter, Maria, with an ax Monday, attacked his wife with the same weapon, struck his boy on the head and probably fatally injured her, and then killed himself by shooting. The tragedy followed the departure from Cole's home of a young man to whom it is said the daughter was engaged. The girl was standing in the direction in which the young man had escaped when her father ran in and upraised [illegible] to strike out at her. The girl jumped back, but as she dodged the father drove the ax into her skull and she fell dying instantly. As the girl fell her mother ran from the house and was immediately attacked by Cole with [illegible] inflicting [illegible] from which she died [illegible]

Hailstones Big as Baseballs.

Franklin, Neb., May 23.—It hailed Monday for forty-five minutes, hailstones as large as baseballs crashing through roofs, killing stock, smashing windows and destroying crops. This was followed by a rain storm lasting three hours during which nearly 3 inches of water fell. Railroad tracks were washed out in many places. Telephone and telegraph systems are prostrated.

Man Takes Poison.

Memphis, Tenn., May 23.—Despondent because his wife would not attend yesterday's ball game, H. P. Richard, a carpenter living at Vance street, swiped a bottle of morphine and drank a large quantity of the drug. A quick run of the ambulance saved his life. Richard was taken to the city hospital and the poison pumped out of his stomach.

INSPECTOR BRITTAIN HERE ON BUSINESS

Is a Representative of the Rural Free Delivery Mail Service.

NEW ROUTES IN ALACHUA

Several New Routes Have Been Marked Out and Recommended, and Will Likely be Established in a Short Time—Advantage to Truckers.

Inspector A. B. Brittain of the rural mail service, United States Postoffice Department, who makes his headquarters in Lake City, has been in the city for the past two or three days on official business. Several new rural routes have been marked out from Gainesville, examination of applicants has been made, and it is expected that these additional routes will be established in a short time.

Notwithstanding that it has been reported that the rural delivery system has not been a profitable venture by the postoffice department, and that many routes had been discontinued, new routes are being established daily. The report may be true of some sections where the territory covered is sparsely settled, or where a number of families have moved away; but in Florida, where every section of the State is growing, and where the population is rapidly increasing instead of decreasing, the system has proven most satisfactory, as well as most profitable. There has been only one route established leading from Gainesville so far, but this route has been demonstrated to prove of profit to the government and convenience to patrons along the route. Other routes, as has been said, have been marked out and recommended, and will no doubt be established in due time.

The rural free delivery system is a great convenience to the truckers, who are daily shipping large quantities of the products of their farm, and who have the advantage of receiving quotations daily from the markets of the North without being compelled to drive to their respective postoffices, ranging anywhere from a half a mile to five or six miles. This is the class of people that the system mostly benefits, and this is the class largely that supports it.

A FATAL NEGRO ROW

Parties at Festival Indulge in Fracas With Serious Results.

There was a festival at Johnson's Hall, North Pleasant street, a night or two recently, which terminated in the usual way—a row—in which a woman, Christine Kennedy, proceeded to carve Marion Rowe, which she did in a most successful manner.

From the evidence it seems that several were mixed up in the trouble, when the woman suddenly sprang upon Rowe with a pen-knife. The blade penetrated his left side, inflicting an ugly wound, and it became necessary to summon Dr. Ayer.

The blade, which was broken off, was extracted and by careful attention the patient will recover.

The woman was arraigned in the Mayor's court upon a charge of disorderly conduct and was fined $10 and costs.

THE CIRCUIT COURT.

Criminal Docket for Term Closed—A Few Civil Cases Left.

Wednesday cleared the docket of all criminal cases which will come before spring term of the Circuit Court for Alachua county, which is now almost a thing of the past. The docket was cleared on Wednesday morning. State Attorney Calhoun was excused from further attendance upon the term, and the court, with Judge Willis presiding, continued to dispose of a few civil cases.

The court will probably be adjourned for the term today.

Card From Mr. Weeks.

To the Democratic Voters of Alachua County:

I desire to express to you my sincere appreciation for the large vote you gave me in the recent primary. I assure you that I will look after the educational interests of the county to the best of my ability and will try to give you no cause to regret casting your votes for me, and to those who cast their vote against me I have no ill feelings, but wish them well.

Yours respectfully,
R. E. Weeks.

CARD FROM COL. CALHOUN.

Explains His Position in Certain Cases Before Grand Jury.

Editor Sun: Having been informed that certain severe criticisms have been made and circulated, in this community, in relation to my official conduct in connection with the matters known as the Strobhar cases, which were before the late grand jury of Alachua county, I desire to avail myself of some space in your columns as a medium of putting myself in a correct light before the public, and will state that I have been very much pained and embarrassed by the false position in which I have been placed, and by a condition that exists which compels me to speak concerning matters as to which I would prefer to remain silent, in that it is somewhat unusual for a State Attorney to speak of matters connected with grand jury investigations. I desire it to be understood that before these cases were submitted to the grand jury, I had carefully examined the evidence for the State, in every detail, and formed my judgment in the premises upon the evidence presented to me and the grand jury, after the grand jury had heard the evidence. In the discharge of my duty I advised the finding of true bills in each of these cases, and did my duty to bring about a reference of said cases, in proper course, to a petit jury. The grand jury, on my retiring from their room, as the law requires me to do, when a bill is to be voted upon, cast their secret vote, and returned no bills.

As a lawyer and State Attorney, I feel that it is fair and proper to state, here, that all matters of grand jury investigation are purely ex parte, and one-sided under the law, that is, only evidence for the State is heard, and the defendant and his witnesses are excluded, so that my judgment and that of the grand jury is based, of necessity, on the evidence for the State alone. It takes eighteen men to constitute a grand jury, of which, at least fifteen must always be present, and to find a true bill twelve of the grand jury must agree.

I wish to state that I am clothed with no power as a State Attorney to compel the minds or the wills of the grand jurors to my way of thinking, or to compel them to take my advice given directly to them. It is sufficient to say, with this explanation, that I am possessed of a consciousness of having fearlessly and to the best of my ability discharged my sworn duties as a public officer in these and other cases, and I trust that a fairminded people will fully understand my attitude, and will not hold me derelict for the failure of the grand jury to indict.

Respectfully,
Bas. P. Calhoun.

THE S. S. S. STANDARD TONIC

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes fickle, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn-out feeling. When the system is in this depleted run-down condition it must be aided by a tonic, and S. S. S. is recognized everywhere as the standard. Being made entirely of roots, herbs and barks selected for their gentle action as well as their invigorating effect on the system, it will not disagreeably affect any of the delicate members or tissues as do most of the so-called tonics on the market which contain potash or some other harmful mineral ingredient. These derange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health. S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, run-down feeling, and supplies tone and vigor to the entire system. It re-establishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, dizziness or drowsiness, after eating, are no longer felt. Not only is S. S. S. the greatest of all tonics but possesses purifying and alterative properties, and if there is a taint in the blood it will promptly remove every trace and restore perfect health. In selecting your tonic for this year do not experiment but get S. S. S., the recognized standard.

H. G. REMBERT WILL HAVE A FINE MILL

Has Purchased 7,000 Acres Fine Timber Land in Bradford.

WILL CUT IT INTO LUMBER

Mill Now in Course of Erection, Machinery Has Been Ordered and New Plant Will be Working Within the Next Two Months.

H. G. Rembert of this city, who for several years was engaged in the lumber brokerage business in Levy county, has consummated a tremendous deal for timber land in Bradford county, the tract comprising about 7,000 acres. It is not learned what the price was, but it is said that it ran into several thousands of dollars.

This tract is situated between Starke and Highland, about seven miles to the northward of the former place, convenient to the Seaboard Air Line railroad. The timber is very fine and it is estimated by Mr. Rembert that several years will be required to cut it.

An immense saw-mill plant, with a capacity of about 25,000 feet per day, is now under course of erection, and will be completed within about six weeks. This plant will be modern in every respect, and will be under the personal management and supervision of Mr. Rembert. The machinery has been shipped and is expected to arrive at its destination any day.

Mr. Rembert, although a very young man, is regarded as one of the most competent in the lumber line in the state. He has always demonstrated this by his success, and the new venture will be no exception to the rule.

Mr. and Mrs. Rembert are now residing in this city, but expect to make the new site their future home as soon as the plant is completed.

Death of An Infant.

The infant son of Rev. and Mrs. F. H. Craighill died at Cedar Key at noon Wednesday, after a short illness. The child had been indisposed for several days and Mr. Craighill took him to Cedar Key with the hope that the change would prove beneficial. The result was the opposite, however, and life passed away.

The remains, in charge of the father, will arrive on the early morning train, and the funeral will be held from Holy Trinity Episcopal Church at 9 o'clock this morning, Rev. J. Lindsay Patton officiating. The interment will be in Evergreen cemetery.

The following gentlemen are requested to act as pallbearers: W. W. Hampton, E. F. Cannon, C. E. Layton and Mr. Hyatt.

The 10 o'clock service at Holy Trinity church will not be held today, owing to the funeral of the infant of Rev. and Mrs. Craighill at 9 o'clock.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble. Too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and address, Binghamton, N. Y.

GRAMMAR CLASS AT AUDITORIUM

Large and Appreciative Audience Greeted Students Last Night.

AN INTERESTING PROGRAM

The Exercises Comprised Recitations, Essays, Vocal and Instrumental Selections, Concluding With an Interesting Playlet.

A large and appreciative audience assembled at the auditorium of the University High School last night to witness the exercises of the grammar school department, comprising the fifth, sixth, seventh and eighth grades of that institution.

The program, which was participated in by members of these grades, comprised vocal and instrumental music, essays, recitations, etc., and concluded with that interesting little playlet, "Carnival of Industries."

Each participant filled his or her part admirably, which reflects great credit upon the teachers of the grammar school department.

The exercises will be concluded this evening with a program by members of the high school department.

DELL FARM SOLD

One of the Finest Plantations in the County Bought by Chas. W. Wells.

One of the finest, most fertile and most extensive plantations in the county, the farm of James R. Dell, located near Hague, has been purchased from its original owner, who has been master for several years, by Chas. W. Wells of Alachua.

It is understood that the purchase included all growing crops, with the exception of forty acres of cantaloupes.

This farm or plantation is beautifully situated. The land is high and rolling, and capable of producing abundant crops. The tract comprises about two hundred acres.

The purchase was a good one and Mr. Wells' friends are congratulating him upon his new possession.

Prisoners Taken Away.

A number of prisoners, convicted by various courts, were taken yesterday to Marion county, where they will be placed in the turpentine camps. Of this number two were State prisoners, being convicted and sentenced at the present term of the circuit court. Others were sent up from the justice courts of the county for various offenses.

HEAT PROBLEM SOLVED

How Jones Kept Cool While His Neighbors Roasted.

"The secret is out."

"These last few days have been scorchers, haven't they?" said the man with the linen suit to Jones on his way to luncheon.

"I haven't noticed it much," replied Jones. "In fact, we've managed to keep pretty cool at our house. For awhile, however, we did suffer from the heat, and each day seemed hotter than the last.

"But the other day my wife was down shopping and she discovered something that has made our porch the coolest spot around the place.

"Mary serves luncheon there, and the youngsters spend the whole day on the porch free from any danger of sunstroke. We get every breeze that passes, and the sun can't touch us.

"We're the envy of everybody in the block, and Brown and Smith said that — — they were going to follow my example."

"What's the name of this wonder-worker?" said the man in the linen suit.

"Victor Porch Shades," replied Jones, as he turned in his gate. "You can get them at the

J. W. McCollum & Co. Say Care of Digestion Solves Problem of Long Life.

J. W. McCollum & Co. believe that the problem of long life is solved by proper care of the digestive organs. Let the stomach get out of condition and soon there will be nervousness, irritation, furred tongue, specks before the eyes, weakness, debility, indigestion, and other physical and mental troubles that directly result from a weakened stomach.

Of all the vital organs, the stomach is the most frequently abused, and hence, the one which most frequently fails, and so with the discovery of a remedy like Mi-o-na stomach tablets which is sold on an absolute guarantee to strengthen the digestive system, aid in assimilation of food, and cure all troubles caused by indigestion an important step has been taken towards solving the question of good health and long life.

J. W. McCollum & Co. sell Mi-o-na on an absolute guarantee to refund the money if it does not cure. A large box of the tablets costs but 50 cents if it helps you, no big if it fails.

THE LIGHT PROBLEM.

We have not heard anything lately regarding city ownership of the electric light and gas plant. Bonds were voted for this purpose, and the people would like to know why action has not been taken looking to the carrying into effect of their expressed will. The rate charged in this city for electric lights and gas is unreasonable, and if the city is not to own these plants, the council should regulate the price of electricity and gas.

The following from a recent issue of The Memphis News Scimitar shows how the people of Gainesville are being mulched in the way of lights, the rates here being 15 cents per 1,000 watts for 50,000 and under for electricity, and $2.25 per 1,000 for gas:

"Syracuse, N. Y., one of the cities grouped by the census department in the Memphis class of American cities. Syracuse uses gas and electricity for lighting purposes. An investigation has been under way in that city relative to the price charged the people for lights.

"It has a direct bearing upon YOUR light bill.

"In an official report to the State Gas & Electricity Commission, the lighting corporation of Syracuse gives these figures as the cost of making and distributing light:

"Gas, per 1,000 feet 59.07c
"Electricity, per kilowatt 2.68c

"It is stated that, allowing for depreciation, interest and all items, electric current can be made and distributed at 4 cents.

"Now figure your own bill—
"You pay 11c
"You could pay 4c

"You contribute 7 cents for the privilege of having in your midst a beneficent private lighting corporation, owned by the System.

"All of the generosity of YOUR soul is capitalized into watered stock, which does not represent the value of of the plant, or the money required to install and operate it, but which represents WHAT PRINCIPAL YOU CAN BE REQUIRED TO PAY INTEREST UPON UNDER PRIVATE OWNERSHIP.

"The capitalization represents the aggregate percentage of sucker that exists in all human beings in the community. The figures show that YOU are sucker to the extent of more than half of your electric lighting bill.

"One or two ways exist for reforming YOUR sucker proclivities.

"YOU can by law limit the charges for electricity to a fair profit UPON THE CAPITAL ACTUALLY INVESTED.

"Or

"You can take for shortest and best route ANOTHER TOWN FOR YOUR OWN PLANT."

It does not always stand to reason that a man is a real friend unless he grants every favor you may ask. There is an old-fashioned idea prevailing that a true friend is not forever working his friends for favors.

The movement for a 2-cent world postage has failed. The world must have suspected that it was a Yankee trick of some kind.

It would be just like Luther Burbank, too, to develop some brand new brooms from those earthquake effects.

ODD FELLOWS' HOME.

The report in the local columns of The Sun of last Saturday regarding the transfer of the management of the National Odd Fellows' Home and Sanitarium, located in this city, was conflicting and misleading, and in order to correct the impression conveyed that this institution, which is the pride of Odd Fellows throughout the United States, had been abolished, we give the following authoritative statement furnished the editor by A. M. Cushman, secretary of the Board of Trustees:

"There has been no change in the Sanitarium, either in object, method or principle—simply a change in management. Odd Fellows from all over this broad land are accorded the prior rights and privileges of this institution, and are under the sovereignity of the Board of Trustees of the National Odd Fellows' Sanitarium, the same as in times past.

"The scope of the institution is broadened in order to accommodate others than Odd Fellows, but this will still further increase the comforts and benefit of the members of the Order, and in no sense minimize the principles and objects for which the Sanitarium stands.

"The agreement between the interested parties expressly states that the Hospital is to be operated under the name of the NATIONAL ODD FELLOWS' SANITARIUM. The Hospital Association is also to give preference to those patients applying through the Board of Trustees of the Sanitarium."

THE RIGHT OF CONFISCATION.

The Chicago Chronicle, commenting on the utterances of President Roosevelt and Secretary Taft in relation to the curtailing of inheritances by confiscating all above a certain amount of a decedent's property, says: "The right of taxation for that purpose is recognized by the authorities on law and the rights of men." It also quotes from Mr. Taft's recent speech at Yale, known as the "Parlor Socialist Speech," the proposition that "neither at common law nor under the Constitution (meaning the Constitution of the United States) is the right of descent of property or the devising of it an inalienable right. It depends wholly upon the legislature."

But both The Chronicle and Secretary Taft are mistaken so far as their remarks relate to Federal taxation. An inheritance tax would certainly be a direct tax, and if it were imposed by Congress would necessarily be apportioned among the several States, according to population. The Federal Constitution, in two clauses, forbids a direct tax under any other condition. The common law is modified by the constitutional provisions. It has no force here, so far as taxation is concerned. The legislatures of the States might confiscate private property, but Congress could not. It might levy a graduated income tax (an indirect tax) framed so as to be uniform throughout the United States. Indeed, it has often done that very thing. The income tax clauses of the Wilson bill were declared void, not because the law laid an income tax *per se*, but because the tax laid by that bill fell on the proceeds of land and constituted a direct tax not apportioned as the Constitution required. A tax on all incomes except those arising from land would be perfectly constitutional and feasible. But an inheritance tax laid by Congress would, from the fact that it would be a direct tax, constitute a violation of the Federal Constitution, since it would not be possible to apportion it among the States in proportion to population.

Again, the right to acquire an estate by inheritance is an inalienable right, no less than the right to acquire it by purchase. It is included among the rights of property, and no honest lawyer or statesman will deny that for liberty and property are equally protected by the English law and our own Constitution.

There are 800,000 miles of telegraph and telephone lines in this country at the present time, which requires 32,000,000 poles. A pole lasts on an average twelve years and is made from a tree sixty years old. To maintain a continuous supply five times as many trees must be growing in the forest as there are poles in use. Experiments are being made which if successful will very materially add to the length of the life of a pole.

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

There were five graduates from the Ocala High School this year.

Miss Clem Hampton entertained the young ladies who are students of the College for Women in Tallahassee at the Leon Hotel recently. All report a delightful evening.

The Clyde Line Steamship Company has placed an order for two new boats. After June 6th every boat of this company will leave Jacksonville at 10 o'clock a. m. on the day of sailing.

Through a misunderstanding of orders there occurred a head-on collision of two light engines on the E. W. & J. railway near Ellaville, which resulted in the injury of one man and a woman and the shaking up of several more.

Mrs. Ruth Kim, wife of the well known Japanese interpreter, Goon Kim, has entered suit against her husband for divorce, the suit being filed in circuit court. Cruelty is alleged to be the cause of the suit, and the bill filed is of considerable interest. This is doubtless the first divorce suit filed in Tampa in which natives of the Orient are the contracting parties.

Employes of the Tampa Water Works Company this morning began the work of laying water mains along Grand Central avenue, this being done to supply the Corronella, Oscawana, Westland and Moody subdivisions, owned by the Mutual Realty and Investment Company, with water. This work is being done at the expense of the Mutual Realty and Investment Company, which will make other extensive improvements that will increase the value of the property. The paving of Grand Central avenue with vitrified brick will begin shortly.

OPEN PUBLICITY THE BEST GUARANTY OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients *in plain English*, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisonous or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's pecular diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such *professional* endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's *free* for the asking.

Will Try to Capture Murderer.

[illegible] May 23.—Russian officials [illegible] making every possible effort to capture the murderers of A. H. Stuart, the American vice consul at Batoum. According to dispatches received at the state department today from Ambassador Meyer at St. Petersburg, and Thomas E. Honan, American consul at Odessa. Mr. Meyer's dispatch says the reasons for the attack on Mr. Stuart are still unknown, but that the Russian foreign office has instructed the governor at Batoum to exert every effort to capture the murderers and discover the causes for the crime. The Russian foreign office is advised, Mr. Meyer says, that the murder took place at Mahkindjaorourd and that Mr. Stuart died an hour after the attack upon him.

Postmaster Robbed.

G. W. Fouts, postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters, which cured me and have kept me well for eleven years." Sure cure for biliousness, neuralgia, weakness and all stomach, liver, kidney and bladder derangements. A wonderful tonic. At all drug stores, 50 cents.

Will Not Run for Governor.

Charleston, [illegible] May 23.—A special to the News from Harriman [illegible] says that a prominent democrat of the Dorchester county senatorial district has received information from Senator Carmack that he will not accept the party nomination for governor in the coming state convention. Replying from Washington Senator Carmack said that he could not under any circumstances accept the nomination were it offered him, giving that as his final answer.

Hospital Mecca For Death.

San Francisco, May 23.—Besides scores of employes and patients injured in the collapsing of the Agnews state hospital on the morning of the earthquake, there were 108 killed. After considerable research a definite list has for the first time been completed. The list shows that all employes and 97 patients were killed amid the falling brick and lime timbers, also those who died of their injuries. The completed list of employes killed as reported by medical superintendent Leonard Stocking is as follows: Officers and employes, Dr. E. A. Kelley, Miss E. A. Lecte, John Lynch, Miss E. M. Holmes, Miss L. Burness, J. R. Adell, Mrs. A. Thaine, Mrs. R. Walker, E. H. Crison and Miss M. Fennell.

Not if as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The eminent physician cannot prescribe a bottle preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

Unjust and Untrue.

New York, May 23.—A circular issued by Commander Miss Eva Booth, of the Salvation Army to statements said to have been made recently by Edwin D. Solomon, general manager of the Associated Charities of Minneapolis in a paper read before the thirty-third national congress of charities and corrections in Philadelphia says the declaration "that the Salvation Army relief work as carried on through its homes, lodging houses and other agencies is poorly organized and poor administered and that the so-called work of the army is largely subservient to financial interest," is unjust and untrue.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally, I tried Foley's Kidney Cure and less than two bottles completely cured me, and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co.

ALBANY DAMAGED BY STORM.

Houses Were Unroofed and Their Interiors Flooded.

Albany, Ga., May 23.—A windstorm, which closely resembled a tornado, struck Albany Monday afternoon, and a great deal of damage was the result. Several houses were unroofed and their interiors were flooded by the terrific rain which accompanied the blow. An inch and a half of rain fell in about 15 minutes.

The dwelling of Samuel Fargkas, one of the handsomest in the city, was unroofed and flooded, and a large brick chimney fell, crashed through Judge D. F. Crosland's two-story dwelling. Hundreds of trees were blown down, and telephone and electric light wires suffered. It is reported that some of the farms were hard hit by the high winds.

Only a short time ago a similar storm visited this city and vicinity.

Enquiry Is Ordered.

Paris, May 23.—At a cabinet council Tuesday an enquiry was ordered with the view to prosecuting proprietors of the Villerupt Steel factory on the charge of interference with the liberty of citizens in handing to other employers in their vicinity lists of the locked out employes in order to prevent their obtaining employment. The government, while the injuiry is in progress, will make provision for the locked out men, and also decided that the law providing for the separation of church and state abolished the right of divinity students to a reduction of the usual term of military service.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25 cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists

Ten Thousand Were Present.

Charlotte, N. C., May 23.—The celebration of the one hundred and fifteenth anniversary of the signing of the Mecklenburg declaration of independence began here Monday and will continue through Thursday. The feature of the exercises was a dress ceremonial drill by Troop G, Thirteenth regiment, United States cavalry, under Captain T. M. Corcoran, at the fair grounds, which was witnessed by about ten thousand people.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Fire Breaks Out in Mine.

Lens, France, May 23.—Fire has again broken out in the Courrieres mine, where the disaster of March 10 last occurred, resulting in the loss of about 1,200 lives. The new outbreak is causing galleries to fall in and the strictest precautions are being taken to assure the safety of the miners.

Hull Nominated for Congress.

Nashville, Tenn., May 23.—The Democratic executive committee for the Fourth congressional district of Tennessee met Monday and declared Hon. Cordell Hull the nominee. His majority is only 14 votes. T. J. Miller, his opponent, has served notice of a contest.

Held on Charge of Grand Larceny.

Atlanta, May 23.—Bessie Lasalle, a pretty young girl of 20 summers, was arrested Monday night by Officers Lanford and Connell, on a warrant for grand larceny from Tampa, Fla. The young woman claims to hail from Boston, and says that she has never seen the land of flowers. It has not yet been learned by the local officers what the specific charges against Miss Lasalle are, although it is believed that the misappropriation of a trunk is charged against her.

It Is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cure of this most common ailment. It always cures and is pleasant to take. For sale by all druggists.

Warrants for Killing Dismissed.

Gainesville, Ga., May 23.—All the warrants out in the case of the killing of the son of Hoke Hunt, the young man who was found fatally injured near Chattahoochee church have been dismissed, except the warrant for James Reed. The coroner's jury was in session all Thursday and all Saturday, and adjourned until next Saturday, May 30, when further investigation will be resumed. Reed is in jail here.

Do You Love

Your baby? You wonder why he cries. Buy a bottle of White's Cream Vermifuge and he will never cry. Most babies have worms, and the mothers don't know it. White's Cream Vermifuge rids the child of worms and cleans out its system in a pleasant way. Every mother should keep a bottle of this medicine in the house. With it, fear need never enter her mind. Price 25c. Sold by W. M. Johnson.

Texas Democrats Meet.

Waco, Texas, May 23.—In the Democratic state convention here today the platform adopted declares against the recent decision of Judge Woods of Fort Worth, was taken up in the morning. Reading of records occupied the remainder of the morning session.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the white plague that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. Ask for Foley's Honey and Tar and insist upon having it. J. W. McCollum & Co.

King Edward Held Levee.

London, May 23.—King Edward held a levee in the throne room of St. James palace Tuesday. The Prince of Wales, the Duke of Connaught, the cabinet ministers, the ambassadors and many other distinguished persons were present. The American ambassador, Whitelaw Reid, presented Third Secretary Grant Smith and Arthur Harmon, of New York.

Mine Is On Fire.

Pittsburg, May 23.—The Hazel Kirke coal mine, near Bentleysville, Washington county, is reported on fire. The tipple and surrounding buildings are burning. It is said a number of men are in the mine. About 500 miners were at work, but all got safely out of the mine. The tipple was burned, but the fire at the shaft was controlled. The loss will be about $5,000.

Best for Women and Children.

On account of its mild action and pleasant taste Orino Laxative Fruit Syrup is especially recommended for women and children. It does not nauseate or gripe like pills and ordinary cathartics. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating them. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

Coal Famine Is Broken.

Huntsville, Ala., May 23.—The threatened coal famine that stared Huntsville and other manufacturing points along the Southern railway in the face has been broken and if the car situation continues to improve there will be no further apprehension as to a coal shortage for several months.

Stomach Troubles.

Mrs. Sue Martin, an old and highly respected resident of Faisonia, Miss., was sick with stomach trouble for more than six months. Chamberlain's Stomach and Liver Tablets cured her, she says: "I can now eat anything I want and am the proudest woman in the world to find such a good medicine." For sale by all druggists.

Bulgarian Parliament Opened.

Budapest, Hungary, May 23.—The Hungarian parliament was formerly opened Tuesday at the royal castle by the emperor king, Francis Joseph, who, in the speech from the throne bid the deputies a hearty welcome and expressed his keen thankfulness that the misunderstandings had passed away.

Sore Nipples.

A cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this salve with the best results. Price 25 cents per box. Sold by all druggists.

SIMON MAGUS.

The Legend From Which Was Born the Story of Faust.

Almost every renowned man of antiquity in the middle ages was believed to be attended by a spiritus familiaris and not a few were suspected of being in direct league with the devil. Probably the oldest legend of which the Faust legend is a continuous thread is that of Simon Magus, mentioned in the history of the apostles.

According to Justin, he was a native of Gitton, a village in Samaria. He was, no doubt, a man of great intellectual powers. He was the father of the school of the Gnostics. It is also reported of him that he could make himself invisible, that he could pass through flames unharmed, could transpose matter, make gold and exorcise demons—in fact, he laid claim to all these powers, and his name lived in the mouths of the people as a sort of demiurge through many centuries until some other miracle working personality took his place at the popular fireside. Unusual accomplishments, great erudition, were attributed to the supernatural influence and the general disposition to superstitious assumption was strengthened on the one hand by dogmatic affirmation on the part of the church of the existence of a personal Satan, with his numerous household, and, on the other hand, by incorporating the magic arts among the practical sciences, of which astrology and alchemy occupied no mean part.

THE ODD LITTLE GECKO.

A Queer Animal That Lives In Africa and Southern Europe.

The gecko is an odd little creature. His name is seldom heard, and his form is seldom seen, for he lives in Africa and the southern countries of Europe.

This little gecko has so many strange ways and there is something so uncanny in his appearance that the people of the countries where he lives are rather afraid of him, believing his bite to be poisonous, although this is denied by naturalists.

He is a little creature, with a broad, flat head, like a snake, and a long body, with a narrow tail, with odd shaped bits of skin arranged like scallops along the sides of it. He has short legs and queer, catlike claws, which enable him to easily climb the old walls and rocks upon which he lives, catching the insects of various sorts which make his dinner.

He is a nocturnal animal, walking abroad at night and sleeping in the daytime. He moves with sudden rushes and without any noise whatever. His odd name was given him from the queer noise he makes, which is something like the noise you would make to start a horse with. The male gecko is of a gray color, so near the shade of the old walls and rocks among which he makes his home that he can barely be seen.

Fortunate Missourians

When I was a druggist at Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest cough and cold cure and lung healer. Guaranteed by all druggists. 50c and $1. Trial bottle free.

A Ruse of War.

It is not always policy to acknowledge a defeat. A little coolness at the critical moment sometimes saves the day, as in the case described in Mr Ritley's "Story of Company F." In a close encounter during the civil war two soldiers, one from each army, came face to face within short range.

Each put up his gun and fired, as it subsequently appeared, his last cartridge. Both missed. The bullet of one had buried itself in a tree, and the shot of the other passed through the coat of his enemy. Each man, knowing his ammunition was gone, supposed himself to be at a disadvantage.

One of them made a great show of reloading his gun, and, stepping forward, demanded a surrender. The other threw down his arms with a groan.

"If I had another cartridge I would never surrender," he exclaimed.

"That's all right," calmly remarked the captor, marching off his prisoner. "If I had another, you may be sure I wouldn't have asked you to surrender."

Deaths From Appendicitis

Decrease in the same ratio that the use of Dr. King's New Life Pills increases. They save you from danger and bring quick and painless relief from constipation and the ills growing out of it. Strength and vigor always follow their use. Guaranteed by all druggists. 25c. Try them.

MRS. R. WILSON.

Funeral of Mrs. Parker.

The funeral of Mrs. Ankie Green Parker, the sad death of whom occurred Monday evening, was held Tuesday from the residence, 701 East Main street, N., and was attended by quite a number of friends, notwithstanding the very disagreeable state of the weather. The interment was in Evergreen cemetery, and many accompanied the remains to their last resting-place.

Miss Marie Mann of Daytona, one of the brightest journalists and teachers in the State, who has been here as teacher of the fourth grade in the University High School for the past few months, expects to make her departure today for Waynesville, N. C., where she will spend the summer. Miss Mann is not only a teacher of ability, but has made herself quite popular among the pupils of her grade, all of whom regret very much to have her leave. She is a lady possessed of much cleverness and hospitality, and has made a friend of everyone she met here. Everyone hopes to have her return next term, if she desires to accept the position.
